ABOUT THIS HANDBOOK

In general, the policies outlined in this Handbook apply to all team members, whether or not a team member is covered by a collective bargaining agreement. In certain circumstances, however, the collective bargaining agreement may include areas that are also addressed in this Handbook. In those circumstances, the terms of the collective bargaining agreement are controlling, and the specific provision of the Handbook may not apply.

The policies in this Handbook also apply generally to all team members who have individual contracts of employment. However, there may be instances where provisions of the individual contract cover areas that are also addressed in the Handbook. In those instances, the terms of the individual contract are controlling, and the specific Handbook provision may not apply.

Where applicable, Summary Plan Descriptions of team member Benefit Plans may take precedence over the terms of the policies described herein.

EFFECTIVE DATE

This team member handbook is effective August 14, 2017, and supersedes any prior policies and procedures including written or verbal communications, staff meeting minutes, and/or Management memos that were previously issued on employment-related subjects.

AT-WILL EMPLOYMENT

All team members of Westgate Las Vegas Resort & Casino are employed “at-will,” except for team members with a written employment contract signed by an officer of the Company and union team members covered by a collective bargaining agreement. “At-will” employment means that the team member has the right to quit or resign at any time and the Company has the right to terminate the team member at any time for any reason and with or without cause, with or without prior notice.

This Handbook is provided to all team members of Westgate Las Vegas Resort & Casino for informational purposes only and does not change the “at-will” nature of employment at Westgate Las Vegas Resort & Casino. Nothing herein is intended to create a contract of employment or any other type of contract. Statements in this manual are not promises of specific treatment, but general statements of Company policy. The Company reserves the right to change, interpret, withdraw or add to the policies, benefits or terms and conditions of employment, at its sole discretion.

Westgate Las Vegas Resort & Casino frequently obtains, for their team members, beneficial privileges and memberships with other organizations. See Team Member Services for details.

David's Dollars

David's Dollars provides team members with financial assistance in the event of financial hardship, illness, or death in the family. All regular full-time team members of Westgate Las Vegas Resort & Casino are eligible to apply for assistance once they have satisfactorily completed one (1) year of employment. The maximum total allowance for any one team member in a twelve (12) month period, commencing from the issue day of the first loan, is \$1,000. There is a maximum of two David's Dollars loans permitted while the team member is employed at Westgate Las Vegas Resort & Casino.

To qualify for a David's Dollars loan, the team member must be experiencing an unexpected, unavoidable loss, which threatens the team member's basic living needs, the cause(s) of which is not attributable to financial mismanagement, careless behavior, and/or frivolous spending. Examples of such losses include, but are not limited to:

- Impending home repossession
- Impending apartment eviction
- Temporary loss of primary mode of work transportation
- Travel expenses associated with death or impending death of immediate family member
- Living expenses associated with a serious illness/accident of team member or immediate family member
- The unexpected repair/replacement of a major critical appliance, the absence of which creates an undue hardship on the team member and/or immediate family
- The unexpected loss of employment of a household member on whose income the team member and/or the team member's family's welfare is dependent

To request assistance, team members should contact Team Member Services and complete a David's Dollars request form. Immediate family member is defined as the team member's parent, stepparent, legal guardian, sibling, spouse, child, or stepchild.

Westgate Las Vegas Training and Development Programs

Training and development is a true partnership between the team member and the Company. For our part, whether aimed at the ongoing development of the knowledge and skills necessary to excel in a current job function, or providing opportunities to achieve long-term career goals, Westgate Las Vegas Resort & Casino has made a substantial investment in the necessary resources. The expectation of the team member is to make the commitment and put forth the effort to become the best possible team member he or she can be.

The following is a list of some of the Company-wide training currently available:

- New Team Member Orientation
- Guest Service Training
- Responsible Gaming Training

- Harassment and Discrimination Prevention Training

All hourly team members attending mandatory training classes will be paid for the hours of the Training Classes. Time spent in training counts toward hours worked when computing overtime. Tipped team members will receive a Training Wage.

In all cases, at least the minimum wage will be paid for any time spent in mandatory training classes. Hourly team members who come in on their scheduled day off for mandatory training will be paid a minimum of 4 hours pay, or for the time spent in training, if longer than 4 hours. Team Member Services can provide a complete list of training available.

PAID TIME OFF

We encourage team members to spend time away from the job resting and rejuvenating with their Vacation and Holiday Flex Time benefits. For more detailed information, please see your Supervisor, Manager or Team Member Services.

All non-union team members earn paid time off. As of the effective date of this policy, there are three types of paid time off:

- Mandatory Paid Leave (“MPL”)
- Standard Earned Vacation (“Vacation” or “SEV”)
- Holiday Flex Time (“Flex”)

Mandatory Paid Leave (“MPL”)

Mandatory Paid Leave (MPL) is made available to all non-union team members starting on the 90th day of employment with Westgate Las Vegas Resort & Casino. Team members accrue 0.01923 hours of MPL for each hour worked. Up to forty (40) hours of unused MPL can be rolled over to the next year. The maximum balance in the rollover bank cannot exceed forty (40) hours.

MPL must be used in whole-hour increments with a minimum of four (4) hours. Team members must provide as much advance notice as practicable when using MPL. MPL will not be paid in lieu of time off. Upon separation of employment, unused MPL hours will be paid out to the team member if the team member resigns. If the separation is a result of termination for any violation of Company policy, the team member will not be entitled to receive payment for unused MPL.

Standard Earned Vacation (“Vacation” or “SEV”)

Vacation time is earned by team members who are classified as full-time and is based on the team member’s years of service. The vacation year is the twelve-month period starting with the team member’s most recent date of hire and each subsequent employment anniversary date according to the schedule below:

Vacation Schedule *	
Years of Service	Vacation Days Per Year
2 – 5	Five (5)
6 – 11	Ten (10)
12+	Fifteen (15)

* Eligible exempt team members receive five (5) vacation days on their first employment anniversary.

Team Members in the position of Vice President, Executive Vice President, Assistant General Manager or President, shall be eligible to take accelerated vacation of 15 days of vacation per year during years 1 through 11. Upon resignation by a team member, any payout amount will be based on the above Vacation Schedule.

Vacation is earned throughout the team member's anniversary year and becomes available to use on each 12-month anniversary of the team member's most recent date of hire thereafter. Vacation time is accrued based on hours worked, vacation time used, and flex time used up to the maximum number of vacation days shown in the Vacation Schedule. Team member must be employed in a full-time status on their anniversary date each year to be eligible.

Vacation must be taken as time off. Upon separation of employment, unused vacation will be paid out to the team member if the team member resigns. If the separation is a result of termination for any violation of Company policy, the team member will not be entitled to receive payment for unused vacation.

Holiday Flex Time

All regular full-time hourly and daily rated team members not covered by a collective bargaining agreement, who work an average of 32 or more hours per work week, will earn eight (8) hours for each of the Company recognized holidays per calendar year, as listed below.. Unused Holiday Flextime hours must be used prior to the next one of the same type (e.g. the Holiday Flex Time earned for New Year's Day must be taken on or before December 31st of the year it was earned). Any unused days will be forfeited. Team members cannot receive pay for unused Holiday Flex Time. Unused earned Holiday Flex Time will not be paid out upon separation of employment.

Company Recognized Holidays:

- New Year's Day
- Presidents Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Christmas Day

Team members may use Holiday Flex Time as follows:

- Option 1 – Receive 8 Hours of Holiday Flextime pay on the actual holiday.
- Option 2 – “Bank” the holiday and request Holiday Flextime pay at a later date during the Plan Year.

Revised: June 24, 2022

Exempt team members who work on a Company Recognized Holiday may take time off at a later date, as approved by the Department Head.

Team members must be in active status to be eligible to earn Holiday Flex Time. Team members who are absent, on a leave of absence or suspension on any holiday will not earn Holiday Flex Time for that day.

Requesting Vacation and Holiday Flex Time Off

Standard Earned Vacation time and Holiday Flex Time should be requested on the appropriate form at least two (2) weeks in advance and must be used in eight (8) hour increments. MPL may be requested with minimal notice by the team member and may be taken in four (4) hour increments. The team member must receive proper approval before taking time off. The Supervisor will attempt to accommodate each request while balancing operation needs and guest demands. Westgate Las Vegas Resort & Casino retains the right to decline or modify time off requests based on guest commitments and other work requirements.

Holiday Flex Time pay may be used for a maximum of three (3) unscheduled absences; however, each call-off will still be counted as an absence in accordance with the Attendance Policy. Paid Time Off is paid at the team member's base pay rate at the time of the leave. It does not include overtime or any special forms of compensation such as incentives, bonuses, or shift differentials.

Requests for vacation or other time off are also subject to the terms of the travel-related guidelines in the "COVID-19 SAFETY" section of this Handbook.

LEAVES OF ABSENCE

When a team member is required to be away from work for an extended period, they may qualify for a leave of absence. Our policy complies with the Family Medical Leave Act of 1993 (FMLA) as amended, Nevada Parental Leave NRS 392.920 & AB243, and the Uniformed Services Employment and Reemployment Rights Act (USERRA). Leaves of absence are granted only upon written approval by the Company. With the exception of Bereavement Leave, all leaves are unpaid. The Company requires team members to exhaust all unused, earned Vacation and Holiday Flex Time for any leave period. Team members are not allowed to accept new employment while on a leave of absence. For additional information speak with Team Member Services.

At Westgate Las Vegas Resort & Casino, our leaves of absence without pay include:

- Family and Medical Leave (FMLA)
- Military Leave
- Nevada Parental Leave
- Bereavement Leave
- Personal Leave

Except in the case of emergency or as otherwise provided by applicable law, team members must submit a written request for leave at least 30 days in advance of the leave. If the reason for the leave is potentially related to the FMLA, the team member will be mailed all documents and information needed to apply for FMLA leave. The documents must be completed and returned to BASIC (our administrator) per the instructions included with the documents. *NOTE: Non-union team members who have completed 90 days or more of service with the Company are eligible to receive up to three (3) paid days of Bereavement Leave. Team members with less than 90 days of service may take up to three (3) days off without pay.*

UNAUTHORIZED LEAVES OF ABSENCE

Team members, who are absent with or without properly calling off for absences for (4) or more consecutive work days, will be considered on a leave of absence, at which time the team member must either apply for or be in the application process for a leave of absence. Team members, who are absent (4) or more consecutive work days without an approved leave of absence, will be considered to be on an unauthorized leave of absence. Unauthorized leaves of absence may result in disciplinary action up to and including termination.

FAMILY AND MEDICAL LEAVE ACT POLICY

Under the Family and Medical Leave Act of 1993, as amended (FMLA), team members may be eligible for a period of job-protected unpaid leave for certain family and medical reasons as described below. This Family Medical Leave Act Policy ("Policy") provides an overview of team members' rights and responsibilities under the FMLA as well as the Company's policies regarding FMLA Leave. The Company has posted notices of the FMLA at all Company facilities. The information in those posters is incorporated into this policy by reference.

GENERAL ELIGIBILITY

To be eligible for FMLA Leave under this Policy, a team member must have worked at the Company for at least 12 months and must have worked at least 1,250 hours during the 12-month period before the commencement date of any leave requested under this Policy. Eligibility will be determined as of the date the leave commences. Team members, who work at a site at which fewer than 50 team members are employed within a 75-mile radius, are not eligible for leave under this policy. When a request for FMLA is made, the company will advise of the team member's eligibility and the team member's rights and responsibilities.

TYPES AND DURATION OF FMLA LEAVE

- A. Bonding Leave; Serious Health Condition Leave; Leave to care for a family member with a serious health condition; Active Duty Leave

A team member may be eligible for up to 12 weeks of unpaid leave during a rolling 12-month period (measured backward from the date a team member uses FMLA leave) for the following reasons:

1. The birth of the team member's child and to bond with the child; or for placement through adoption or foster care and to bond with the newly placed child. Such leave must be concluded no later than 12 months after the birth or placement of the child with the team member;
2. To care for an immediate family member (spouse, a child under 18 years old or a child 18 and over who is incapable of self-care because of a disability, or parent) with a serious health condition;
3. Because of a serious health condition which renders the team member unable to perform the functions of his/her job; or

4. Because of any qualifying exigency arising out of the fact that a team member's spouse, son (of any age), daughter (of any age) or parent, who is serving in any branch of the military (including the National Guard or Reserves), has been deployed or called to active duty in a foreign country ("Active Duty Leave").

B. Military Caregiver Leave

A team member also may be eligible for Military Caregiver Leave to care for a spouse, son (of any age), daughter (of any age), parent or next of kin who is:

1) A current member of the Armed Forces; including the National Guard or Reserves, and who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness, which is incurred in the line of duty (or for a pre-existing injury or illness which is aggravated in the line of duty) and that renders the service member medically unfit to perform the duties of his or her office, grade, rank or rating, or

2) A veteran who was a member of any branch of the Armed Forces, including the National Guard or Reserves, and who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness that occurred in the line of duty (or for a pre-existing injury or illness which was aggravated in the line of duty) at any time within 5 years preceding the treatment, recuperation or therapy. A covered veteran incurs a serious illness or injury for purposes of this paragraph when one of the following occurs:

1. The injury or illness makes him or her medically unfit to perform the duties of his or her office, grade, rank or rating.
2. It causes the service member to have a VA Service Disability Rating is at 50% or greater.
3. It is a mental or physical condition substantially impairs their ability to obtain gainful employment.
4. The VA enrolls the team member in the Department of Veteran Affairs Program of Comprehensive Assistance for Family Caregivers.

Eligible team members are entitled to a total of 26 weeks of unpaid Military Caregiver Leave during a single 12-month period. This single 12-month period begins on the first day an eligible team member takes Military Caregiver Leave (as long as it is within five years of the covered service member's active duty) and ends 12 months after that date. Military Caregiver Leave applies on a per-covered service member, pre-injury basis, so that a team member may be eligible to take more than one 26 week period of Military Caregiver Leave, but no more than 26 weeks of leave may be taken during any one 12-month period.

An eligible team member is entitled to a combined total of 26 workweeks of leave for all FMLA qualifying reasons during the single 12-month period described above. For example, if a team member takes ten weeks of FMLA leave due to his/her own serious health condition, the team member may take only 16 weeks of Military Caregiver Leave during that same 12 month period.

DEFINITIONS

- A. A "serious health condition" as referred to above means an illness, injury, impairment, or physical or mental condition that involves:
 1. Inpatient care (*i.e.*, an overnight stay) in a hospital or other medical care facility (including any period of incapacity or any subsequent treatment in connection with such inpatient care);
 2. A period of incapacity of more than three (3) consecutive full calendar days, and any subsequent treatment or period of incapacity relating to the same condition that also involves (i) treatment two (2) or more times by a health care provider or under the supervision of a health care provider within 30 days of the start of the incapacity, or (ii) treatment by a health care provider on at least

- one (1) occasion within seven (7) days of the start of the incapacity which results in a regimen of continuing treatment under the supervision of a health care provider;
 3. Any period of incapacity or treatment due to pregnancy, or for prenatal care;
 4. Any period of incapacity or treatment due to a chronic serious health condition requiring periodic visits of at least twice a year for treatment by a health care provider;
 5. A period of incapacity or treatment which is permanent or long-term due to a condition for which treatment may not be effective, during which the team member (or family member) must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider; or
 6. Any period of absence to receive multiple treatments by a health care provider or under the supervision of a health care provider, either for restorative surgery after an accident or other injury, or for a condition that will likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment.
- B. A “qualifying exigency” referenced above under “Active Duty Leave” refers to the following circumstances:
1. Short-notice deployment: to address issues arising when the notification of a call or order to active duty is seven (7) days or less;
 2. Military events and related activities: to attend official military events or family assistance programs or briefings;
 3. Childcare and school activities: for qualifying childcare and school related reasons for a child, legal ward or stepchild of a covered military member;
 4. Care of the covered military member’s parent if the parent is incapable of self-care;
 5. Financial and legal arrangements: to make or update financial or legal affairs to address the absence of a covered military member;
 6. Counseling: to attend counseling provided by someone other than a health care provider for oneself, for the covered military member, or child, legal ward, or stepchild of the covered military member;
 7. Rest and recuperation: to spend up to fifteen (15) calendar days for each period in which a covered military member is on a short-term rest leave during a period of deployment; or
 8. Post-deployment activities: to attend official ceremonies or programs sponsored by the military for up to 90 days after a covered military member’s active duty terminates or to address issues arising from the death of a covered military member while on active duty.

WHEN SPOUSES WORK TOGETHER

If both spouses are employed by the Company and are eligible for leave under this policy, they are eligible for a combined total of 12 weeks of leave within the applicable 12-month period when the leave is due to the birth or placement of a child or to care for a parent who has a serious health condition, or

a combined total of 26 weeks within the applicable 12-month period when the leave is due to the birth or placement of a child or to care for a parent who has a serious health condition and for Military Caregiver Leave. (However, in no event shall the spouses take more than a combined total of 12 weeks of leave within the applicable 12-month period for the birth or placement of a child or to care for a parent who has a serious health condition).

NOTICE OF NEED FOR FMLA LEAVE

A team member who wants to take FMLA must follow normal call-in policies and notify the person the team member would normally notify for an absence. Failure to adhere to normal company call-in procedures can result in discipline, as with any other type of leave.

If FMLA applies or believed to possibly apply, the team member will be required, thereafter, to contact Human Resource to complete a request for leave. The team member will be required to fill out prescribed forms requesting leave.

To avoid a delay in FMLA protection, the team member must give notice as soon as possible and practicable under the circumstances of enough facts to advise the person receiving the call that FMLA may apply. Team members are always required to give notice as soon as practicable and possible, but, except for instances of active duty leave, a team member is not required to provide more than thirty (30) days advance notice.

If a team member fails to give the required notice with no reasonable excuse, FMLA coverage may be delayed for a period of time. This can result in discipline for absences taken prior to FMLA coverage commencing. Team members should make every reasonable effort to schedule foreseeable medical treatments so as not to disrupt the ongoing operations of the Company.

SUBSTITUTION OF PAID LEAVE FOR UNPAID FMLA LEAVE

Team members must concurrently exhaust any short-term disability benefits, workers compensation benefits, accrued vacation time, or any other form of applicable paid leave for FMLA leave. All substituted paid leave that is being concurrently exhausted will be counted against an eligible team member's FMLA leave entitlement.

INTERMITTENT FMLA LEAVE

Intermittent or reduced schedule leave is leave at varying times for the same qualifying condition. Intermittent leave or reduced schedule leave may be available if the need for leave is due to a team member's serious health condition or a team member's immediate family member's serious health condition and when the need for intermittent or reduced schedule leave is certified by a health care provider. Intermittent or reduced schedule leave is not available for the birth or placement of a child for adoption or foster care unless the Company agrees. Military Caregiver Leave may be taken intermittently or on a reduced leave schedule when medically necessary. Active Duty Leave may also be taken on an intermittent or reduced leave schedule.

Team members who take foreseeable intermittent or reduced schedule leave must attempt to schedule their intermittent or reduced schedule leaves so as not to disrupt the operations of the Company and in some instances, the Company may require team members taking foreseeable intermittent or reduced schedule leaves to transfer temporarily to an alternative position for which the team member is qualified and which better accommodates the team member's leave schedule. Pay and shifts would not be affected by a change to an alternate position. Time worked in the alternate position would not count towards the team member's FMLA leave entitlement.

Team members taking unforeseeable intermittent leaves must follow the Company's standard call-in procedures absent unusual circumstances.

DOCUMENTATION SUPPORTING FMLA LEAVE

A team member requesting leave for a serious health condition must provide a completed FMLA Certification of Health Care Provider Form supporting the need for the leave. A request for reasonable documentation of family relationship verifying the legitimacy of a request for FMLA Leave may also be required.

The team member will have fifteen (15) days in which to return a completed Certification form following the Company's request for the certification. If the team member fails to provide timely certification after being required to do so, covered leave may be delayed moving forward until the certification form is finally submitted. Absences counted against the team member for a late certification will not be reversed absent exceptional circumstances. If a team member never returns the completed form, the FMLA will be denied, and the absences will be unprotected. If the Certification form is incomplete or insufficient, a team member will be given written notification of the information needed and will be given a period of seven (7) days to provide the necessary information.

In some circumstances, a second opinion, at the expense of the Company, related to the health condition may be required. If the original certification and the second opinion differ, a third opinion, at the expense of the Company, may be required. The opinion of the third health care provider, which the Company and the team member jointly select, will be the final and binding decision.

A request for Active Duty Leave must be supported by the Certification of Qualifying Exigency for Military Family Leave form as well as appropriate documentation, including the covered military member's active duty orders.

A request for Military Caregiver Leave must be supported by the Certification for Serious Injury or Illness of Covered Service member form or Certification for Serious Injury or Illness of a Veteran for Military Caregiver Leave form as well as any necessary supporting documentation.

Once the company has received a complete and sufficient certification form from the team member, the Company will advise the team member whether he or she has been approved or denied FMLA and, if possible, will advise how much FMLA will be used.

RECERTIFICATION

In the following circumstances, the Company may, in its sole discretion, require recertification of the qualifying reason for FMLA: (1) where the team member needs more leave than the original certification justified; (2) where circumstances and facts cast doubt on the team member's need for FMLA; or (3) when the need for FMLA extends beyond 6 calendar months. In these situations, the team member will have fifteen (15) days in which to provide a completed Recertification form.

RESTORATION TO POSITION AND BENEFITS

Healthcare benefits will be maintained while a team member is on FMLA, subject to the payment of premiums explained in this paragraph. For all other benefits, they will be maintained similarly to others on similar forms of leave (paid/unpaid). Team members on paid FMLA (because they are concurrently exhausting a paid leave benefit) will continue to have their premium payments deducted from their paycheck as if they were on non-FMLA paid leave. Team members on an unpaid FMLA leave (for which no paid leave is substituted or after all paid leave has been exhausted) will need to maintain the benefits they accrued prior to the commencement of the leave by making premium payments. If the payment is not received on the due date or thereafter, the company will provide the team member written notice of nonpayment and provide 15 days to make the payment. If the payment is not made within the 15-day window, and at least 30 days have passed from the due date, then coverage under the benefit plan will lapse, retroactively to the original due date.

Team members are permitted to return to whatever position they would have held had they not taken FMLA leave. Generally, this means team members returning from FMLA leave within 12 weeks will be returned to the job position that they held when they went on leave, or a substantially similar one. If the team member would have lost their position even if they had not taken the leave, then there exists

no reinstatement right. For example, if the team member's position is eliminated because of a reduction in force, then no reinstatement right exists.

If an eligible team member fails to pay his or her portion of the required premium payments for benefit coverage, and the Company elects to make the team member's portion of premium payments to keep benefit coverage in effect during a period of paid or unpaid FMLA leave for medical and dental benefits, and/or a period of unpaid FMLA leave for other benefits, the Company may recover the amount of the premium payment from the team member regardless of whether the team member returns to work. The Company may recover its own share of the premiums paid for maintaining a team member's medical and dental benefit coverage during any period of unpaid FMLA leave if the team member fails to return from leave after entitlement has expired, provided the team member fails to return to work for a reason other than the continuation, recurrence, or onset of a serious health condition was unrelated to the qualifying reason the team member took FMLA leave.

RETURN TO WORK

Team members on FMLA leave must periodically inform the Team Member Services Department of their status and intent to return to work while on FMLA leave. Team members returning from FMLA leave must be able to assume all of the essential functions of their jobs upon return. The Company will provide time for the team member to learn of any changes or new technology implementations. As a condition to restoring a team member whose leave was based on the team member's own serious health condition, the team member must provide certification from the team member's health care provider stating that the team member can resume work. This return to work statement is required for all serious health conditions unless the team member has previously provided one for that condition within the past year. If safety issues exist, the Company may require a return to work statement every thirty days.

FAILURE TO RETURN FROM LEAVE

Unless required otherwise by law a team member granted a leave of absence under these provisions who fails to return to work upon expiration of the leave will no longer have protected absences. Further absences would count against the attendance policy.

KEY TEAM MEMBERS

A team member who qualifies as a "key team member may be denied restoration of employment after a period of FMLA leave if holding the team member's position would cause the company grievous economy injury. A "key team member is a team member who is salaried and is among the highest paid ten percent of the work force within 75 miles of the place where the team member reports to work. Upon requesting FMLA leave, a team member will be notified by the Company of his/her status as a "key team member if there is a possibility that the Company may deny reinstatement after leave.

INTERACTION WITH STATE LEAVE LAWS

Certain states require employers to provide greater or different job-protected leave. When applicable, the Company complies with all such leave laws. When leave provided under one of these laws is covered under the federal FMLA, it also shall count toward the team member's federal FMLA entitlement and as FMLA Leave under this Policy. These leave laws vary by state, and the team member should contact Team Member Services with any questions.

NEVADA PARENTAL LEAVES

The Company provides Parental Leave under NRS 392.920 and AB 243. WORK HOURS

Department Supervisors establish the time and duration of team members' work hours based on workload and the goal of providing excellent guest service while efficiently managing team member resources and complying with all applicable laws.

Team members may be required to work additional hours beyond their normal work schedule. In consideration of family and other personal commitments, the Supervisor will give as much advance notice of overtime as possible.

MEALS AND BREAK PERIODS

Team members will receive one 10-minute break for every three and one-half (3 ½) consecutive hours worked and one 30-minute meal period for each shift of more than five (5) hours.

Revised: June 24, 2022

All breaks and meal period times will be assigned by the Supervisor based on the staffing needs of the department. The 30-minute meal break will be scheduled as near to the middle of the shift as possible. Breaks for dealers may occur more frequently if the schedule permits.

Westgate Las Vegas Resort & Casino provides team members with one free meal per shift, on scheduled workdays. All food, beverages, and utensils are to remain in the Team Member Dining Room. Guests and family members are not permitted to eat in or visit our Team Member Dining Room.

It is mandatory that all meal and break periods be taken in designated break areas. Restroom breaks may only be taken in approved back-of-house restrooms or locker rooms. Team members are not permitted to use guest-facing or front-of-house public restroom facilities while on duty or on a break.

TIME KEEPING

Team members are responsible for following the Westgate Las Vegas Resort & Casino time keeping procedures. Federal and state laws require the Company to keep accurate records of team member work time in order to calculate pay and benefits. Time worked is the time actually spent on the job performing assigned duties.

Hourly team members must accurately record the time they begin and end work by using the electronic time keeping system. Team members are required to swipe/punch-in and swipe/punch-out each day they work at the Company. If there are any discrepancies, or the team member forgot to swipe/punch-in or swipe/punch-out, the Supervisor should be contacted immediately. The Supervisor will investigate the discrepancy and determine how the discrepancy will be resolved.

Each team member is assigned a start time and a finish time. Team members are not permitted to work prior to their start time or after their finish time unless expressly directed to do so by their Supervisor. Team members are expected to be at their assigned workplace at their start time and to remain at the workplace until their finish time.

Clocking in or out for another team member is a violation of Company regulations and may result in immediate separation. Any falsification of time keeping records is grounds for corrective action, up to and including separation.

ABSENCES & TARDINESS

Being the BEST means being on time to provide fast and flawless service every shift. Team members that are excessively absent or late create an inconvenience for guests and co-workers. Being on time means being at the workstation, fully prepared to begin work at the scheduled start time. This no fault attendance policy is designed to be fair and consistent in recording punctuality and attendance.

CALL IN PROCEDURE

It is each team member's responsibility to notify their Supervisor at least two (2) hours prior to the start of their scheduled shift, mandatory meeting, or training class if they are going to be late or absent. Additionally, immediately after contacting their Supervisor, the team member is required to call the automated BASIC call-in line 1-877543-5673, answer all questions, and make a note of the confirmation number provided.

TRACKING

The attendance policy is based on a point system. Please see your Supervisor, Manager or Team Member Services for more details.

Incident	Points
One Day Absent	1 point
Consecutive Absences: <ul style="list-style-type: none"> • 1 point for the first day of absence • 1/2 point for day following initial day of absence Total points for 2 or more consecutive days absent = 1 1/2 points (Please refer to Leave of Absence guidelines; for example if absence is due to overnight hospitalization, or team member missing more than 3 consecutive days of work and requiring follow-up treatment, or continuing treatment for chronic condition, prenatal care, birth of child or caring for a family member with a serious health condition may be eligible for a LOA; points are not recorded for an approved Leave of Absence)	1 point first day +1/2 point 1 1/2 points total
Patterned Absence (3 incidents creating a pattern within three months; may include but is not limited to calling off on same days of the week, days before or after days off, days before or after payday, days before or after holiday, etc.)	2 points
Late for work (including returning late from break)	1/2 point
Leaving work early after completing 2 or more hours of shift (unless due to business demands or approved in advance)	1/2 point
Leaving work before completing 2 hours of shift (unless due to business demands or approved in advance)	1 point
No Call/No Show	6 points
Denied Day Off (formal request for a day off was denied, but team member calls out as an absence; includes denied Shift Request to switch schedules)	3 points
Mandatory Meetings – absence/lateness/no call/no show	Points apply as above
Training Classes – absence/lateness/no call/no show	Points apply as above
Peak Business Days* (defined below) - absence	2 points
Additional Points for Improper Call-Out:	
Failure to call in a full-shift absence at least two hours before start of shift	1/2 additional points
Calling in to report a full-shift absence when more than 50% of the shift has elapsed, but before the end of the shift	One additional point

Departments may identify five (5) days per year as a “peak business day.” The department will post such designated peak days a minimum of ninety (90) days in advance. Designation of peak

day(s) may be changed by the department at any time provided that there are at least ninety (90) days advance notice of the newly designated peak day.

Points are not assessed for Jury Duty, approved Leaves of Absence, documented on-the-job-injury, Workers' Comp Leave, or pre-approved paid or unpaid Time Off.

Team members who have accrued Vacation and Holiday Flex Time may use such time for shifts on which they are absent for their entire shift. If Vacation or Holiday Flex Time is requested, it must be for all hours of the absent shift. Points will still be assigned as noted above for all unscheduled absences/attendance incidents.

COACHING & COUNSELING

Team members are responsible for keeping track of their point totals. The property will attempt to provide written notification during the orientation period; and, after completion of the orientation period, at five (5) points, at seven (7) points, at ten (10) points and eleven (11) points (Separation of Employment), as follows:

5 points	Verbal (Coaching)
7 points	Written Warning
10 points	Final Written Warning
11 points	Separation

Each step of progressive counseling need not be issued prior to separation provided that points have been properly assessed. For example, a team member with 7 points who is a no-call/no-show may be separated because of the accrual of 13 points, despite not having received a prior Final Written warning.

REWARD FOR GOOD ATTENDANCE

A team member can reduce their point total on the 12-month anniversary of an incident; that is, the point(s) for that incident drop off and are no longer counted. After one-hundred eighty (180) days of perfect attendance, all existing attendance points and counseling notices issued under the Attendance Policy will become inactive and no longer used for progressive counseling purposes, excluding patterned absence points. Team members on any type of leave will not have the period of leave counted toward fulfillment of the one hundred eighty (180) day requirement.

For questions regarding policy, absence point status, written approved absences, and other concerns, contact Team Member Services.

PARKING & ARRIVING/LEAVING WORK

To ensure that facilities are available to our guests, team members must follow specific guidelines for parking and entering/exiting the building. Westgate Las Vegas Resort & Casino will provide all team members with a parking space in our team member parking area. Handicapped parking is available for those with plates or placards displayed in their cars. Unless approved by Management, team members are not permitted to park in guest designated parking areas. It is against Company policy to be picked up or dropped off at any guest entrance. Team members must be dropped off and picked up for work at the designated drop-off area in the team member parking lot. Team members are required to use the team member entrance when arriving at work and when leaving.

PAY PERIODS

For all team members:

- A regular workweek is 40 hours from Thursday to Wednesday, with the pay period ending every other Wednesday.
- Paychecks are distributed electronically every other Tuesday. Each calendar year contains 26 pay periods.

DIRECT DEPOSIT

Direct deposit or Paycard are the available wage disbursement options. Each team member is required to select one of these two options, and provide written authorization for use on the appropriate form. Enrollment is free to all team members. Team Member Services and Payroll can assist with the paperwork for the selected option.

- Direct Deposit: Pay is automatically deposited into your bank account(s).
- Pay card: Pay is deposited into a special payroll account from which the team member may withdraw the money using the issued card that works just like an ATM/debit card.

PAYCHECK DEDUCTIONS

Westgate Las Vegas Resort & Casino is required by law to make certain deductions from team members' paychecks including federal income taxes and state income taxes, where applicable. Deductions are based upon the number of dependents and exemptions claimed on each team member's W-4. We also deduct Social Security taxes from each paycheck up to a specified limit. These deductions are itemized on the electronic paycheck stub. Team members should immediately report any changes in name, address, telephone number, marital status, or the number of exemptions for tax purposes. Team members receive a W-2 form every year that indicates how much of their earnings were deducted for taxes.

The Company will execute all court-ordered garnishments, tax levies, and support orders we receive in accordance with applicable state and federal laws. The team member will be notified of any garnishments.

It is a requirement by the Federal Government that all team members receiving tips exceeding an established figure in any calendar month report the amount to the Employer. Some positions may be included in the voluntary IRS Tip Compliance program – team members should check with Team Member Services for more information or obtain self-reporting tip forms. Westgate Las Vegas Resort & Casino will deduct the required Withholding Tax and Social Security according to the Tip Compliance rate or on actual declared tips.

It is the Company's policy to compensate its team members in accordance with the requirements of the Fair Labor Standards Act and applicable state law. In this regard, improper pay deductions from the compensation of exempt team members are prohibited. Any team member with questions about his or her compensation or about the requirements of the FLSA or state law should contact the appropriate supervisor or the Team Member Services. Any team member who believes that he or she has been subjected to an improper pay deduction should notify one of the individuals above immediately. A team member's claim will be investigated, and if the Company concludes that there was an improper deduction, the team member will be reimbursed and the Company will work in good faith to ensure that such improper deductions do not occur again. The Company forbids retaliation against anyone for reporting in good faith alleged improper deductions from compensation. Complaints of retaliation or

fears of threatened retaliation should be directed to the Team Member Services Department or the President.

OVERTIME

Nonexempt team members are not permitted or authorized to work any period of time beyond their regularly scheduled time unless directed by their Supervisor. Overtime must be authorized in advance. Unapproved over time could lead to coaching/counseling.

responsible for submitting the hours in writing to their Supervisor immediately. "Comp time" cannot be awarded as a substitution for overtime compensation.

Pay for Vacation, Holiday Flex Time, Bereavement Leave, Jury Duty or any other such compensation, is not counted as hours worked for overtime compensation.

TIPS

Team members are expected to provide great guest service without requesting or indicating, in any way, that a gratuity is expected or that a gratuity received (or not received) is insufficient. Team members are also expected to express sincere gratitude for tips offered. Tips must never be accepted before service is rendered or as a condition for a higher level of service than the guest is entitled to receive. Policies regarding acceptance, pooling and/or distribution of tips are determined by tip earners in each department.

Team members who receive tips are required to comply with tax laws and to report such tips as income. The Company encourages its team members to participate in the Internal Revenue Service Voluntary Tip Compliance Agreement.

The Company may inspect the contents of lockers, storage areas, file cabinets, desks, and workstations at any time and may remove all Company property and items that violate Company rules and policies.

The misuse, unauthorized removal or destruction of Company property or property belonging to a guest or visitor may result in immediate separation. Team members should not bring personal packages onto the premises without prior inspection by Security. Packages leaving the premises must be accompanied with a pass signed by the department Manager. Specific department guidelines may allow for personal items to be carried into work areas in a clear plastic pocketbook.

LOST & FOUND

Team members are expected to honestly and diligently turn any lost and found items into Security immediately. Any consumable money, including slot ticket vouchers, gaming chips, or cash must be turned in to security, as any other item would be. Property that is found by a guest and turned in to a team member to be placed in the Security Department is not considered the property of the team member and cannot be claimed by the team member.

If the lost property is not claimed by the owner within 30 days, and the Security Department is unable to locate the owner of the property, the item may be returned to the finder after 30 days. Any items such as gaming chips, slot ticket vouchers or other items of value issued by the casino and used in gaming are considered the property of the Company, and will not be returned to the team member.

Harassment is illegal and a violation of Company policy.

Harassment committed by a team member will result in corrective action, up to and including separation of employment. Team members may also face criminal charges and be held financially liable for monetary damages if found guilty of harassment by a court of law.

- Submission to the conduct is made either an implicit or explicit condition of employment.
- Submission to or rejection of the conduct is used as a basis for an employment decision.
- The harassment interferes with a team member's work performance or creates an intimidating, hostile or offensive work environment.

The following are some examples of conduct that may be harassment. This is provided as a sample of unacceptable and inappropriate conduct—this list is not all-inclusive, and other types of conduct may be considered harassment.

- Threats and demands to submit to sexual requests as a condition of continued employment or receipt of products or services or to avoid some other loss and offers of employment benefits or extra services in return for sexual favors.
- Retaliation for having reported or threatened to report harassment.

Harassing behavior is illegal and unacceptable in the workplace and during other work-related events with co-workers (whether sponsored by the Company or not). Harassment conducted by vendors or visitors to our Company is also not tolerated.

Reporting Harassment

If you feel that you are a victim of harassment or you observe the harassment of another person, immediately tell the harasser to stop. He or she may not be aware that his or her conduct is unwelcome or offensive. We encourage you to address harassment directly and immediately when it occurs. However, this is not mandatory. Immediately report any incident of harassment to any Supervisor or Manager or Team Member Services, whether you've discussed it with the individual(s) involved or not. Your Supervisor is required to report any incident or report of harassment to Team Member Services.

Westgate Las Vegas Resort & Casino will fully, promptly and impartially investigate all complaints of harassment by interviewing all involved individuals and witnesses to gather and assess all facts. We will maintain confidentiality to the greatest extent possible.

If the Company determines that inappropriate conduct occurred, the offender will be subject to appropriate corrective action. Corrective action could include one or more of the following: verbal or written reprimand, referral to appropriate counseling or training, reassignment, temporary suspension, or separation of employment.

Westgate Las Vegas Resort & Casino prohibits any form of retaliation or discrimination against any team member for making a good faith complaint or assisting with a complaint.

As required by law, we also post the Equal Opportunity Commission's poster that outlines the federal law prohibiting discrimination against individuals with disabilities and other protected groups.

The Company reserves the right to determine what, if any, reasonable accommodation should be made under the ADA. We will take into consideration factors including the preferences of the team member, the safety of the team member and co-workers, the cost of the accommodation and the financial impact to the Company. Team members, who may require a reasonable accommodation to perform the essential functions of their jobs, should contact Team Member Services to initiate the interactive process and discuss a possible accommodation.

Westgate Las Vegas Resort & Casino will not tolerate any act of discrimination on the basis of a person's disability. Discriminatory actions will result in corrective action up to and including separation of employment.

The Employer will engage in a timely, good faith and interactive process to determine an effective, reasonable accommodation for the employee. Potential accommodations for employees include a change in the work environment or in the way procedures are customarily carried out that allows the employee to have equal employment opportunities, including the ability to perform the essential function of the position and to have benefits and privileges of employment that are equal to those available to other employees.

The Company prohibits the purchase, possession or consumption of alcoholic beverages, during work time or in Company uniform, except with prior approval by Management. Reporting to work or being at work while under the influence of alcohol is strictly prohibited. "Under the influence" of alcohol means the team member is affected in any detectable manner whether detected by observation, smell, or by testing.

Team members may be subject to alcohol testing or screening, per the guidelines of the Alcohol & Drug Testing section of this Handbook.

DRUG-FREE WORKPLACE

Team members performing their jobs under the influence of drugs risk the health and safety of everyone in our workplace. To protect the safety and health of all team members, we have established the following policy regarding alcohol and illegal drugs at work. For this policy, "illegal drug" is defined as any substance that is illegal to sell, use or possess.

We absolutely prohibit the sale, use, purchase, distribution, or possession of illegal drugs and/or non-prescribed drugs during work hours or on Company property, in Company-owned vehicles or vehicles used for business purposes, and at any time or location where Company business is conducted or the team member is representing the Company. Taking legally

prescribed medications or over-the-counter medications are permitted if the use of such medications is not abusive and does not adversely affect job performance or safety.

If a team member is using prescription or over-the-counter medications that may impair their ability to perform their job safely, they must report the use to their Supervisor or Team Member Services before working. If the team member discovers that such medication impairs their ability to work, he/she must immediately stop working and report the condition to their Supervisor. It is also recommended that the team member consults with their physician if they become impaired or affected by prescription or over-the-counter medications.

Our efforts to maintain a safe, productive, substance abuse-free workplace may include inspecting and opening team member offices, desks, drawers, lockers, clothing, and personal vehicles on Company property, packages, handbags, lunch boxes, containers, and articles in such areas. We also reserve the right to inspect any object that might conceal alcohol, illegal drugs or other inappropriate materials. Any team member who does not consent to and fully cooperates with such inspections may be subject to corrective action up to and including separation.

Team members may be subject to drug testing, per the guidelines of the Alcohol & Drug Testing section of this Handbook.

ALCOHOL & DRUG TESTING

The Company requires pre-employment drug testing for all new hires, rehires and reinstated team members. Additionally, we may require alcohol and/or drug testing in the following circumstances:

- When a team member is involved in an accident which results in property damage or physical injury to himself or others
- When a team member is involved in any on-the-job injury, regardless of physical injury or illness
- Periodically with all team members operating Company vehicles

Any team member who reports to work visibly intoxicated or under the influence of a controlled substance, or becomes visibly intoxicated or impaired while at work, may be subject to immediate separation, whether or not an alcohol or drug test is administered.

If a team member is requested to submit to drug and alcohol testing and either refuses the test or screening, does not cooperate with the test or screening, or tampers with the specimen, they will be subject to immediate separation of employment. If a team member asks another individual to take the test for them, or a Team member takes the test for another team member, all team members involved in the incident will be subject to separation of employment.

To ensure the accuracy and fairness of the testing program, all testing will be conducted by a facility that meets federal and state regulations regarding screening, confirmation testing, and review by a Medical Officer, including a procedure to explain or re-test in the event of a positive test. Test results will be kept as confidential as possible.

NOTE: In the case of work-related injury where a team member has tested positive for alcohol or illegal drugs, Workers' Compensation benefits may be denied.

Final paychecks may be issued as hard copy checks.

In the event of an on-the-job accident or injury, you will be required to fill out an accident report.

The health and safety of all team members is a top priority. In the event of an accident or illness, management will always consider the wishes and concerns of an injured team member. However, if an injured team member refuses medical treatment, the decision of a member of management or Security, who feels medical treatment is necessary and in the best interest of the injured person and the Company, will prevail.

If you have had fire extinguisher training and have an extinguisher nearby, attempt to put out the fire. Do not put yourself at risk.

Remain at the scene if possible until help arrives.

If severe weather causes a power outage, follow the procedures of the following section, "Power Outage."

POWER OUTAGE

In the event of a power outage, stay calm. In most instances, the power will be restored momentarily, or the generator will begin operating. Do not evacuate the building unless instructed to do so.

BOMB THREAT OR SUSPICIOUS PACKAGE

- If you find a suspicious package in your area remain calm and immediately leave the area.
- Notify the Security Department and do not use a radio within 50 feet of the package.
- Provide information about the location of the package and its size. Take note of type of package, anything unusual about it, any noise or sounds coming from it, if it is close to any electrical panels, gas mains or any other hazards.
- Provide your location should they need to contact you and let them assume control of the situation.
- If you receive a bomb threat over the telephone, listen carefully for any identifying characteristics of the caller (sex, age, accents, speech pattern, background noise, etc.). Take notes and write down anything you remember.
- If your department has a Report of Bomb Threat form, follow the questions listed on the form. Contact Security as soon as possible—have another team member call while you are still on the phone if you can.
- The Security Department will handle the investigation of a bomb threat. Guests and other team members are not to be alerted by any person other than a member of the Team Member Services Department.
- The Security Department will decide if an area or the entire property needs to be evacuated.

HAZARDOUS MATERIAL SPILLS

A hazardous material is any substance that has the potential to harm people or the environment if it is spilled or released in an uncontrolled manner. If you witness the spill or release of any material, check with your Supervisor to see if the steps when dealing with hazardous material spills need to be followed.

- If you witness or discover a hazardous material spill, secure the area to prevent contamination of yourself, other team members and guests.
- Try to identify the substance spilled without risking yourself. Take note of the estimated amount of the substance spilled, color, any chemical reactions, other possible dangers in the immediate area and the physical property of the substance (solid, liquid, or gas).
- Obtain the Material Safety Data Sheets (MSDS) for the first aid treatment of contamination if the substance is identified.
- Notify the Security Department. The Security team will handle the situation and notify any outside agencies required (such as the fire department) and will determine if any partial or complete building evacuation is required. Inform the responding staff members of your level of exposure to the spilled material and seek any medical treatment you need.

BIO HAZARDOUS MAIL

If you handle, disseminate, transport or process any incoming mail or packages, be alert to the threat of bio hazardous mail.

Anthrax is an acute infectious disease caused by a spore-forming bacterium. Anthrax organisms can cause infection in the skin, gastrointestinal system, or the lungs. To do so, the organism must be rubbed into chaffed or broken skin, or swallowed, or inhaled as a fine, aerosolized mist. The disease can be prevented after exposure to the anthrax spores by early treatment with the appropriate antibiotics. Anthrax is not spread from one person to another.

To assist in identifying suspicious packages and letters, some characteristics include the following:

- Excessive postage
- Handwritten or poorly typed addresses
- Incorrect titles
- Title, but no name
- Misspellings of common words
- Oily stains, discolorations, or odor
- No return address
- Excessive weight
- Lopsided or uneven envelope
- Protruding wires or aluminum foil
- Excessive security material such as masking tape, string, etc.
- Visual distractions

Revised: June 24, 2022

- Ticking sound
- Marked with directions such as “Personal” or “Confidential”
- The city or state in the postmark doesn’t match return address

For anthrax to be effective as a covert agent, it must be aerosolized into very small particles. This is difficult to do and requires a great deal of technical skill and special equipment. If these small particles are inhaled, life-threatening lung infection can occur, but prompt recognition and treatment are effective.

If you detect an observable substance on or in the mail, do not shake or empty the contents of any suspicious envelope or package.

Place the envelope or package down cautiously to prevent leakage of contents and cover it with anything that will not disturb it (such as clothing, paper, trash can, etc.) and do not remove this cover. If any powder spills out, do not try to clean it up.

Leave the room and close the door—or section off the area to prevent others from entering and keep others away.

Gather everyone that was in the area when the item was opened and stay together. Report the incident immediately to the Security Department and your Supervisor (by phone if possible).

When possible, wash your hands with soap and water to prevent spreading any powder to your face. If powder escaped from the envelope or package, remove your clothing (and place in a plastic bag or another sealable container) as soon as possible. Shower with soap and water as soon as possible—do not use bleach or another disinfectant on your skin.

List all people who were in the room or area when this suspicious letter or package was recognized. Give this list to the Supervisor.
